

# BUREAU OF ENERGY EFFICIENCY (BEE)

(A Statutory body under Ministry of Power, Government of India)

## Application are invited from organizations for empanelment as Energy Service Company (ESCO) with Bureau of Energy Efficiency

Bureau of Energy Efficiency (BEE) is promoting energy efficiency initiatives in the country under the Energy Conservation Act, 2001. Promoting implementation of energy efficiency measures through retrofits in existing buildings on the performance contracting mode through ESCOs is a key thrust area of BEE.

An exercise for expanding the number of ESCOs through an open invitation and evaluation process was taken up by BEE. 35 ESCOs were accredited by BEE through CRISIL and ICRA based on their technical and financial competence and experience in energy efficiency retrofit implementation. This accreditation exercise provides the technical and financial due diligence that is necessary to create a sense of credibility amongst the prospective building owners who are likely to secure the services of an ESCO, as well amongst the financial institutions who would provide the debt and working capital to the ESCOs.

Realizing the potential of improvement of energy efficiency in commercial buildings/facilities, more companies have expressed their desire to develop their skills as ESCOs to carry forward the drive for energy efficiency through performance contracting. In view of this, the Bureau of Energy Efficiency is undertaking a fresh exercise for empanelment of ESCOs and subsequent accreditation through CRISIL & ICRA. Applications from organizations wishing to get themselves empanelled as BEE accredited ESCO may apply in the prescribed format which can be downloaded from BEE's website:

**[http://www.bee.gov.in/ecbc/escoempanelment\\_14august2009.pdf](http://www.bee.gov.in/ecbc/escoempanelment_14august2009.pdf)**

The application alongwith filled format should reach BEE by 11<sup>th</sup> September, 2009 at the following address:-

**Secretary**
